

# WILLOWBROOK WILDLIFE PRESERVE—REHABILITATION

**Willowbrook Wildlife Center  
Glen Ellyn, Illinois**

**Client: DuPage County Forest Preserve**

## **Rempe-Sharpe**

- ◆ Completed structural calculations with live load combinations to meet Village of Glen Ellyn Building Code
- ◆ Completed site/civil grading and soil erosion control plan
- ◆ Prepared project special provisions included in separate spec book
- ◆ Coordinated meetings with staff electrician and maintenance personnel to verify existing utilities
- ◆ Coordinated meeting with Wildlife Center manager to discuss special rehabilitation cage requirements and exterior finishes
- ◆ Completed Stormwater permit for Village of Glen Ellyn
- ◆ Prepared estimate of cost for improvements

## **Scope of Improvements**

- ◆ Construction of an approximately 3,300 S.F. (oval shaped) concrete, wood framed, and masonry raptor rehabilitation cage
- ◆ Ipe (Brazilian Hardwood) furring wood slat finish over treated structural members
- ◆ Electrical improvements including new power sub-panel
- ◆ Site work including new water service, sanitary force main, and storm sewer
- ◆ Site restoration with new sidewalk, seeding, and tree relocation
